

Regular Results Review

It has been said that most people spend more time planning their holiday than they do planning the rest of their life. For this reason, I have created the Regular Results Review. It is a simple, yet effective high level tool, to look back at your achievements and plan the coming ones. I recommend that you use this at least annually. **Take the action, make it happen!**

If you need any assistance, contact me on review@warwickmerry.com or +61 408 592 158.

15 Achievements

What achievements have you accomplished? Include all areas of your life: professional, financial, personal, emotional, hobbies, spiritual. Whatever is important for you.
